Old Business:

New Business:

- Discussion of norms of SIT meetings. Meetings will begin on time and be conducted in an orderly and business like manner. An email will be sent out week in advance to determine any issues that need to be considered. SIT representatives should send suggestions to Amy Collins to discuss with Mrs. Zehmer. They will determine what is an administrative issue and what is a SIT concern. An agenda will be developed from these concerns.
- Mrs. Zehmer presented student achievement data for the 2015-2016 school year. Highlights included making expected growth for the first time in five years and increasing our composite score by 11 points from 43 to 54. At this point we have been designated as a low-performing school and need to increase our composite score by one point to have this designation removed. This will be a goal for this school year.
- A new School Improvement Plan has to be written, but we are currently waiting for the template the district is designing. Mrs. Zehmer, Mrs. Roach and Mrs. Basinger presented a draft of some possible goals for us to consider and decide what needs to stay and what changed. A motion made by Kristi Mitchem to accept to current recommendations as a platform for the new School Improvement Plan. A second was made by Mrs. Ward. All were in favor of the recommendations.M
